

Event

```
graph BT; A[PCO.FigureSkating] --> B[Event];
```

A UML class diagram illustrating inheritance. At the bottom is a gray rectangular box labeled 'PCO.FigureSkating'. A vertical blue line with an arrowhead at the top points from this box to a white rectangular box labeled 'Event' positioned above it. The arrow indicates that 'PCO.FigureSkating' inherits from 'Event'.

PCO.FigureSkating
